

4 kW, great vacuum, tailored for metal production

Model T40 is a powerful threephase industrial vacuum. It offers great vacuum and is ideal to collect wet or dry heavy material. The version with liquid cut-off system is perfect for companies that have to collect chips mixed with oil and emulsions. The accessories box, the cable holder and the supports for the hoses make model T40 really ergonomic, making easier the daily work of the operator. Versions with cyclon plate or grid and valve available.

- 4 kW side channel blower placed on the chassis
- 50 or 100 liters container available
- Liquid cut-off system
- Gravity unload system with plastic bag or Longopac ("endless bag")
- Silent
- L or M class filter
- Manual filter shaker
- Vacuometer
- Plug with inverter
- Accessories box, cable/hose holders
- Container with castors and handle
