

LS160 & LS160 HD

When a hard floor scrubbing is needed

- single disc machine for heavy-duty tasks

PART OF THE NILFISK GROUP

Low speed single disc machine

www.vipercleaning.com / hello@vipercleaning.com

The VIPER LS160 is a low speed single disc machines designed for medium-duty cleaning and the LS160HD heavy-duty takes you one step further in tough cleaning, restoration or maintenance of different floors.

The machines are ready to use with water tank, brush and pad holder as standard accessories. They can also be equipped with an optional foam generator and carpet brush for deep cleaning dirty carpet areas.

And the LS160HD can also carry an optional extra weight for enhanced cleaning performance.

- Safety switches prevents the machines from starting if the handle is in wrong or upright position
- Scrub motor with soft start for easy use and low load on the electrical system
- Aluminum base and triple planetary gear box for durable construction and low noise level

Ergonomic and adjustable handle with safety buttons and control lever for tank

Large rear wheels for easy transport and good maneuverability

Triple planetary gear and quiet motor and gears
