

polish

WOODEN FLOOR POLISH

Uses

For the sealing of wooden floors.

Application

Polish is applied using a mop or polish applicator. 1-3 coats can be applied to the floor surface. Before application, ensure that the floor has been cleaned thoroughly, is free from dirt and that any previous treatments to the floor have been removed using the appropriate polish stripper.

Dilution

Use undiluted.

Supplies

5lt container – 07605

Storage

Protect from frost and sunlight and do not expose to temperatures exceeding 50°C.

Compounds

- Polymers
- Waxes
- Plasticizers
- Preservatives

Hazardous components

- None
