

solvent stripper

ACRYLIC STRIPPER

Uses

For the stripping of floors coated with acrylic-based sealers.

Application

Can be mopped onto the floor surface and scrubbed using a single disc machine (totally enclosed fan cooled motor type only) to remove water based acrylic coatings. Soiled solution should be removed using a mop.

Dilution

Use undiluted.

(Can be added to water-based strippers to enhance performance)

Supplies

5lt container – 01251

Storage

Protect from sunlight and do not expose to temperatures exceeding 50°C.

Hazardous components

- 2-Butoxyethanol

Note

Do not use vacuum systems to recover used solution after scrubbing. Vinyl / plastic-based floor surfaces should be tested for compatibility before use.

Technical specifications

Description	Result
Colour	Colourless
pH in concentrate	6.0 ± 0.5
Specific gravity at 20°C	0.900 g/ml
