

Novastar Basic

Stationary High Pressure Washer – Cold Water

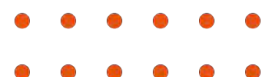

The benchmark in mobile pressure washers

This medium duty high pressure cleaner is ideal for a variety of industrial cleaning applications. This versatile high pressure cleaner can easily be mounted on numerous surfaces as needed providing optimum flexibility.

Key Features

- Positive displacement piston pump, oil lubricated with three ceramic pistons, suction and pressure valves with stainless seats.
- Direct drive power transmission between high pressure pump and electric motor.
- Four pole electric motor.
- Automatic unloader/regulator device with a pressure adjustment facility
- Chemical injector, venturi-type for "after-pump" injection of chemicals

Standard Attachments

- Trigger type safety spray lance with 1m long spray pipe and 25° fan jet nozzle.
- 10-meter-long flexible, metal-braided, rubber coated high pressure hose, with kink protection.
- "Geka" quick coupling for the water supply hose connection.

Technical Specifications

Description	Unit	Novastar 14/130	Novastar 14/150
Operating pressure	bar	130	150
Water volume	l/hour	840	840
Voltage	Hz	220//1/150	380/3/50
Electric Motor	kW	3	4
Electric Motor Speed	rpm	1450	1450
Dimensions	mm	50 x 30 x 40	50 x 30 x 40
Weight	kg	65	65
Feed temperature max	°C	60	60
