

Centra Range Double Unit

High Pressure Pump Station – Cold Water

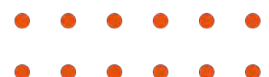

Reliability and durability

The WAP Centra range is suitable for general cleaning applications throughout numerous industries, including automotive, food processing, quarries, refractories, abattoirs, inside closed buildings, factories and underground and surface level mining operations. The robust design is ideal for tough environments.

Key Features

- Powder coated protective cabinet with a hinged stainless-steel access door and detachable stainless-steel access panels.
- Positive displacement piston pump, oil lubricated with three ceramic pistons, suction and pressure valves with stainless seats.
- Direct drive power transmission between high pressure pump and electric motor.
- Four pole electric motor.
- Automatic pressure regulators with zero system pressure, including pump and high pressure hose, during by-pass phases.
- Timer controlled "sleep function", for the purpose of automatically deactivating the machine after 1* minute of by-passing with closed gun (*adjustable setting from 0-10 minutes).
- Stainless steel water header tank with automatic, level activated filling device.
- Electric overload relay.
- System shut-down facility (automatic activation) in the event of insufficient water supply (low water cut-out).
- Glycerine filled pressure gauge.
- Chemical selector/dosage valve for chemical application at normal operating pressure.

WAP Pressure Washer Range

Standard Attachments

- 2 x Trigger type safety gun & spray lance with 1m long spray pipe and 25° fan jet nozzles.
- 2 x 10-metre-long flexible, metal-braided, rubber coated high pressure hoses, with kink protection.
- 2 x "Geka" quick coupling for the water supply hose connection.

Technical Specifications

Description	Unit	Centra 2/36	Centra 2/24	Centra 2/20
Operating pressure	bar	60 - 200	60 - 200	60 - 160
Water volume	l/hour	2 x 1800	2 x 1260	2 x 1080
Voltage	Hz	380/3/50*	380/3/50*	380/3/50*
Electric Motor	kW	2 x 11	2 x 7.5	2x 5.5
Electric Motor Speed	rpm	1450	1460	1435
Dimensions	mm	2380 x 550 x 1300	2380 x 550 x 1300	2380 x 500 x 1300
Weight	kg	674	572	480
