**PROFESSIONAL CLEANING  
SOLUTIONS FOR RETAIL**

# industroclean®

## CREATING A CLEANER, SAFER RETAIL ENVIRONMENT

Industroclean provides a comprehensive cleaning solution for retail environments, including shopping malls, supermarkets and parking areas.

Our products and systems are fully aligned with food safety standards, and our expertise enables us to support the implementation of effective hygiene management practices. Our offering includes high quality chemicals, janitorial equipment, brushware and machinery designed to work together to deliver an optimal hygiene solution.

### HYGIENE MANAGEMENT SYSTEM GUIDES AND PROFESSIONAL EXPERTISE

We offer comprehensive support in implementing effective hygiene management systems. Our resources include informative posters, hygiene management files, visual guides, colour coding systems, and health and safety protocols and instructional videos.

With our professional expertise, we help to ensure that your facility meets the highest hygiene standards and complies with all necessary regulations.

# CLEANING CHEMICALS

Maintaining high hygiene standards in food prep areas is essential for safety and quality. Our SABS approved, food-safe kitchen chemicals are designed for use in restaurants, commercial kitchens and retail environments.

# CLEANING CLOTHS & SCOURERS

## WHY CHOOSE CHICOPEE CLOTHS FOR RETAIL

**Durable & Reusable:** Chicopee cloths like Lavette Super and Lavette Plus are machine washable (up to 40 washes at 90°C), ensuring long-lasting use and cost savings for retail cleaning.

**Superior Absorbency:** Their unique structure provides excellent dirt pickup and absorbency, making them ideal for spills and daily store maintenance.

**Odour-Free & Antibacterial:** Built-in antibacterial properties keep cloths fresh and clean, even after repeated use.

**Quick Drying:** Easy to rinse and fast-drying, ensuring efficient cleaning throughout the day.

**Certified for Food Safety:** FCC food contact clearance and HACCP standards, making it safe for use in food preparation and handling areas.

**Eco-Friendly & Cost-Effective:** Reusable cloths help reduce waste, providing a sustainable and budget-friendly cleaning solution.

**Colour Coding System:** Available in multiple colours for effective area-specific cleaning, reducing cross-contamination in different store sections.
